AND MANAGES TO OUST PHILADEL PHIA FROM RECOND PLACE

Brooklyn Squared Matters with Capt.
Ancon and Also Advanced a Peg-Pittoburgh and Louisville Playing Great Hall
-Beston Louing Ground,

Although the New Yorks lost one of their games yesterday, they managed to jump into second place. The Brooklyns' victory enabled them to tie the Philadelphias for third honors, while the Pittsburghs are now on an equal footing with the Bostons. The scores vesterday follow:

New York, 6; Cleveland, 4 cfirst same). Claveland, S; New York, 2 (second game). Breeklyn, 9; Chicage, 6. Fittsburgh, 5; Boston, 1.

St. Louis, S: Baltimore, 4. Cincinnati, 8; Philadelphia, 0. Legisville, 4; Washington, THE RECORD.

CLEVELAND, Aug. 20.-If the first game was close, the second was simply a hair lifter. In-ning after inning the enormous crowd cheered wildly, first one place and then another, as the fight was made by the enthusiastic men who were straining every muscle and nerve to win. Burke and Fuller distinguished themselves by a succession of brilliant plays that kept the crowd agitated constantly. Cleveland base second base, so closely did the fleet-footed in-

ball down to second base with something of the old-time snap and vim that made him the old-time snap and vim that made him famous.

The Cleveland men soon discovered that it would not do for them to trifle with him too much. Harry Lyons and Boyle both came to the Iront at ticklish times. New York's good plays brought forth praise from the spectators even though they were against the interests of the homes team.

wen though they were against the interests of the home team.

In the ninth inning of the second game the situation resolved listelf into the sensational. Three men were on bases for Cleveland, two out, and the score two to two. Virtue was at but and drove a grounder with terrific force between short and third. Denny Lyons made a praiseworthy effort to get it. It would have caused no surprise if he had not touched the bail at ail. He partially stopped it, however, but hefore he could recover himself the winning run was home and Virtue was on first. Harry Lyons led off with a double in the ninth for New York, but was not advanced. Thus New York lost the second game. The scores:

BROOKLYN, D; CHICAGO, G,

CHICAGO, Aug. 20.-Saturday seems to be a ers. A week ago he put in two amateurs against the Clevelands and lost, and yesterday he had another youthful left-hander in the square. Miller is short and well built, and with the exception of one inning pitched fairly good ball. Like all left-hand twiciers, he is inclined to be wild, but Snyder, whose judgment on balls and strikes is bad, gave the youth decidedly the worst of it. His decisions on bases were off color, and when he declared O'Brien safe on lirst in the eighth, when he was fairly out, was followed by four runs, which gave the game to the Wonders.

Miller did not make a good beginning; he was as wild as a hon hawk to start with. The

FROM CANOR PLACE INN Sullivan and His Training Party to Attend

CANON PLACE INN. Aug. 20.-There is no change in John L. Sullivan's condition. He still keeps up his work with almost unabated vigor, now and then dropping a spin from his daily routine. Sporting men from all over the country drop in on one train to see him walk or punch the bag, and go away on the next train. Some funny scenes occur occasionally, especially when visitors mistake Ashton or Malloy for the big fellow.

The natives have the most extravagant opinions regarding the champion. It was said by one of them yesterday that John took a huge stoak in his hands and gnawed at it like a dog. Every morning the cook, Mrs. Katie Warren, calls on the champion to ascertain what he wants to eat during the day. She has a varied larder, consisting of chickens, freshly killed every morning; bluefish, newly caught; crabs, chops, steaks, and all the niceties that the market on wheels can supply. The big fellow eats heartlly, and consumes enough for two ordinary men. train. Some funny scenes occur occasionally. eath heartily, and consumes enough for two ordinary men.

A good deal of concern was shown by the visitors yesterday when it was learned that John La had been stung by a bumblebee.

It is the intention of the champion and his training party to attend church to-day at Southampton.

Bryan McSwyny arrived on Friday with a fresh consignment of shoes. The "champ'has practically used up five pairs since he arrived hero.

The latter won by abou sloops Truent and Ariadne. The latter won by about six minutes. The starting signal was fired at 2:30 orlock. The Ariadise was the first across the line, followed thirty seconds later by the Truent.
There was little difference between the racers at the fratturn at Sheepshead biney, but as soon as the Ariadine got clear of the land and felt the increasing breeze she slowly but surely drew alread, and at the onter turn, Crow Shoal, she had a lead of tailf a mile. A squall from the northwest killed the wind for a while, and Truent drew up a bit, but not enough to win. Frank Anthony sailed the winning boat. The Ariadine racing incasurement was 44 feet, while the Truent measured 47 feet.

Before they had finished one-third of the distance the wind died out and some of the boats came to an anchor. Finally all came back on the tide, aided by oars and poles. Not one tried to finish the course, Soon after they reached the starting point a storm which had been threatening from the west broke. A deluge of rain was its loose, and the crews of belated boats which were unable to gain shelter got a ducking. The race will probably be sailed over.

At Cranford yesterday the Cranford Cricket Club met Peter Henderson & Co.'s eleven, the result being a victory for the Hendersons. The score was: Hender-sons 45: Cranfords 25. The victory was largely due to the excellent bowling of J. Flood. Manhattan Field for the Championship The Metropolitan Championships Committee met

terms as last year, namely, 25 per sent, of the net profits, was accepted. A two-mile safety bicycle race will be included in the programme, subject to the sanction of the L. A. W. Racing Soard. Arrangements were completed for the distribution and sale of thekels and they may be had at the different clubs, prominent botels, and sporting goods houses. After drafting a lengtly list of officials the meeting adjourned until maxiful process of the decimal subjects. 0 8 0 1 1 8 0 0-14 | Part special trains to the Adirondocks, via New York FOOTBALL.

Property for the Coming Season, The football season in this vicinity will be inaugurated on Sept. 1. On that day a meeting of the American Football Union will be held at the office of President Charles C. Storrs, and Secretary William T. Lawson of the New York A. C. will read the application for membership of the Schurikill Navy of Philadelphia. This application will undoubtedly be approved, and a date will be assigned on which

the newcomers will play.

The union will also elect a referee and an umpire, who shall officiate at all the championship matches. This is a new and much needed departure. The schedule, as arranged at the union's first meeting, is as follows: Oct. 20. Orange A. C. vs. Crescent A. C., at Orange Oval: Nov. 5. Orange A. C. vs. New York A. C., at Orange Oval; Nov. 12, New York A. C.vs. Orescent A. C., at Eastern Park. It is not likely that the Schuylkill Navy team will be scheduled to play on Nov. 17. That will prob-ably be the day of the Harvard-Yale contest and the entire football interest will be centred in that came.

ably be the day of the Harvard-Yale contest and the entire football interest will be centred in that game.

It will be a pleasure to New Yorkers to learn that on election day the Yale University eleven will play in this city, having as their opponents the wearers of the winged foot. For the last few years the Yale boys have been accustomed to play the Crescents in Brooklyn. The New Yorks had arranged to play Princeton on the college grounds on Nov. 5, but owing to the American Football Union schedule, the date will be changed.

"There never was so much enthusiasm over football in our club," said Capt. Wurtemberg of the N. I. C. A. to a Sun roporter yesterday, "as is even now discernible. We shall go into training on the last of Reptember, and during that month will practice at Travers Island. When the baseball championship ends we are to have the use of the Pole grounds, and every day will find us hard at work."

Beside the old stand-bys among the New York football players there will be a new quartet of superb players. Capt. Hartwell of the Yale crew and the 'varsity end rush is a possibility. Goldwaith, the Harvard guard, will add great strength to the New York rootball players there will be a new quartet of superb players. Capt. Hartwell of the Yale crew and the 'varsity and rush is a possibility. Goldwaith, the Harvard guard, will add great strength to the New York rotability. The Crescents are looking up their old footballs, and soon the Bay Ridge field will be thoroughly ploughed up by a large number of candidates.

Wrenn Defeate E. L. Mall.

BAR HARBOR, Aug. 20.-The Mossley Hall tennis tournament came to a brilliant and the Harvard expert, surprised himself and his friends by defeating E. L. Hall of New York for the Mosaley Hall championship and the possession of the big silver cup.

Wrenn Defeats E. L. Hall.

This result was entirely unexpected and will give the winner the appearance of a dark horse for the "all comers" at Newport. After Hall's victory at Nahant last week nobody ex-Hall's victory at Nahant last week nobody expected him to go down before the left-handed Harvard player, and, what is still more unexplainable. Wrenn won by superior work over what was really a very good game on the part of Hall. The net play of each man on the first set was about equal, but on the following sets the volleying of Wrenn was really the better, and so effective did it become on the third and fourth sets that the New Yorker at times had to retire to his base line. Hall won the opening set after the closest kind of play. The second and third went to the cool and nervy Wrenn. The fourth and last set was as hard fought as the others. A change of a single point might have altered the result of the match. Wrenn won after exciting railies at 6-4. The scores of the day's play were:

Lawrie Beats Townsend at Central Park. The unexpected happened again yesterday afternoon in the Central Park invitation tournament. Dr. Town send, who has not lost a match in the Park in two
years, was forced at last to lower his colors to Lawrie
in a close and well-contested five set match. Townsend
played his issued graceful game, but drove many of his
upponents lobe into the net. Lawrie played a swifter
game than itsual and won many points by good work
at the net. The result of his match increases Hobart's
chances of winning first prize.

In the other matches Hobart beat McMullen easily,
and the latter in his turn beat Bates without difficulty.
The scores follow:

The Great Little Golding Paces in 9:08 8-4 Nancy Hanks's Falls-Alvin's Great Race. CHICAGO, Aug. 20.—The meeting of the Northwestern Breeders' Trotting Associa-tion closed to-day with splendid sport. Budd Doble sent Nancy Hanks to beat her world's record of 2:07%, butthe best she could do was 2:00%. Accompanied by Abe Lincoln, the runner, she went to the quar ter in 32% seconds, the half in 1:05%, threequarter sin 1:30, and trotted the final quarter in 30% seconds.
Old Jay-Eye-See, the rejuvenated, was

down in an attempt to outpare his trotting record of 2:40 in splendid style. He side-wheeled the course, covering the ground in 2:08%, and thus went on record with the best mile trotted and paced by a gelding. Wilkward won the free-for-all for three-year-olds, and Flying Jib the 2:14 pace easily in straights. The feature was the freefor-all trot. Jack was an even-money choice. The first heat he broke at the half, and Pickpania beat him a length. The second was hot between Jack, Pickpania, and Alvin, the latter placed Jack third for breaking at the wire.

WILLAN'S WIFES TESTIFY.

Two of Them Produce Their Marriage Thomas F. Willan, otherwise Willing or Wil liams, the New York truckman accused of marrying Miss Ada Krueger of 54 Fourth street, Hoboken; Miss Daisy Nestal of Green-point, and Miss Mamie Harmon of New York, was arraigned before Justice White in Jersey City yesterday. Miss Kruegerand Miss Nestal were in court, and each produced her marriage certificate.

Miss Krueger's certificate is signed by John Rudolph, pastor of the German Evangelical Church, and is dated Jan. 10, 1802. Willan's counsel objected that Mr. Ru-dolph was not a minister. He also demanded

that the record of the Bureau of Vital Statis-tics be submitted in corroboration. Justice White ruled that it was not necessary to produce the record, and if Mr. Rudolph was not a Games.

The sentiment in the city, which early in the week was on the side of the defendant, has, during the past few days, rapidly drifted to support of the police officials. Lizzie's supporters are not doing much talking of late, but are working under cover and in conjunction with Attorney Jennings, in building up a defence. Part of the Government's case will go in at the examination on Monday, but the best part of it will probably not.

The defence will not produce any evidence, but depend upon an argument that the Government's case does not warrant the holding for the Grand Jury.

Emma Borden and John O. Morse are now making preparations to leave the old house on Second street where the murder was committed, and will move to a much more modern house on June street. It is pleasantly situated on a hill above the main streets, and is much more congenial than the Second street house. The Cook Shot the Cantala

During a quarrel on Friday night on board the schooner Delaware, lying in the Erie Basin. between Captain George A. Both men remained on board the vessel during the night, and the Brooklyn police knew nothing of the shooting until yespolice knew nothing of the shooting until yesterday morning, when Captain Tinkham, accompanied by his assailant, started out to look for a physician. The Captain said that the shooting was done by kich at 11 o'clock the previous night, and Rich admitted the truth of the statement, and said that he had thrown the revolver overboard. Neither would reveal the cause of the quarrel, likely was looked up and Captain Tinkham was taken to the Long Island College Hospital, with the buillet still lodged in his neck. KANSAS CITY, Aug. 20.-The yards of the Santa Fé Railroad Company at Argentine yesterday were completely blocked. Trains of freight cars, extending from Argentine to Turner, a distance of four miles, were occupy-ing the main line, and there was no track room to get them out of the way. The great num-ber of cars is due to the very heavy grain crop of Kansas which is now moving. Other roads are equally involved in the blockade.
